NOTES

This layout is for visual representation only and is not 100% to scale. Actual scaled templates are available to client upon request. Final colors used in your design are not necessarily represented on monitor or print as all hardware is different. Colors must be chosen according to Outer Circles printed color swatches, which are available upon request. Please use this layout to ensure proper placement, size, and colors of all logos and artwork, relative to each other. Please take an extra moment to ensure everything is correct on your final approval, including spelling, as strange things can happen with electronic art. Outer Circle is not responsible for incorrectly approved designs. Your signature on this page states that you have viewed this layout and approve of the design as is. Duplication of this design is prohibited unless authorized by Outer Circle.
